## critical information summary for your 12/1 Mbps NBN1200 plan

### Information About The Service

#### *The service:*

The Enoxtel 12/1 Mbps NBN1200 plan is an internet service provided over the National Broadband Network (NBN) and is available in NBN enabled areas.

#### *Mandatory components:*

You will require an NBN compatible modem/router for this service.

#### *Minimum term:*

The service is available with a minimum term of 24 months.

#### *Important conditions:*

This service may not be available at your location. Please call us to find out if you can be connected to this service at your location.

#### *Key details:*

The Business 12/1 Mbps NBN1200 plan includes 1200GB of data, interface speeds\* of up to 12Mbps\* download and 1Mbps\* upload and Enhanced Service Level Agreements (SLAs).

Your data allowance includes uploads and downloads. Your unused data allowance expires monthly. If you use all of your included data within a billing cycle, the speed will be limited to 256kbps until the next billing cycle commences.

\*Interface speeds refer to the speed to the fibre technology installed at the customer's premises. They are not necessarily equivalent to the download/upload speeds you will achieve in practice. Actual download and upload speeds will be affected by many external factors which include the number of end-users using the service at the same time, the hardware, the software and software configuration, the connection method within the premises and the type/source of content being downloaded.

#### *Standard installation requirements:*

Standard Installation is included with your plan and is provided to the first telephone point in your premises. An NBN suitable modem will be required and can be purchased separately. A 240 volt power supply is required and you must ensure such a power supply is available. In the event of a power outage, your services will not work unless you maintain a back-up battery. If you take up a Fibre to the Business service, you will not be able to move back to a copper service.

### Information About Pricing

#### *Minimum monthly charge:*

Plan name	NBN30	NBN100	NBN200	NBN1200
Minimum monthly charge 24 month contract	\$49.95	\$59.95	\$69.95	<b>\$79.95</b>
Minimum charge for entire term	\$1198.80	\$1438.80	\$1678.80	<b>\$1918.80</b>

### Maximum monthly charge:
